APPROVAL OF STATE ENGINEER.

No. 6428

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of a portion of the waters of Clear Creek, is issued with the understanding that no other valid rights will be impaired thereby, and with the further understanding that no new or additional rights are granted herein. The State reserves the right to regulate the use of the water under the change proposed at any and all times, in accordance with Decree of Court, Second Judicial District, Ormsby County, in the case of Frederick Dangberg and Chas. Schultz vs. Henry Ross, et al. filed Apr. 24, 1872. A substantial weir must be constructed at or near the new point of diversion to facilitate measurement of the water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 2.2% of the total flow of Clear Creek during the period between May 1st and September 15th in accordance with above mentioned Court Decree.

Actual construction work shall begin on or before August 2, 1924.

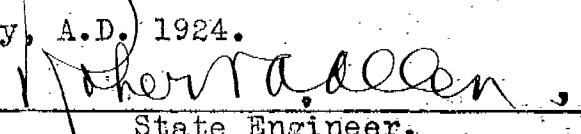

Proof of commencement of work shall be filed before September 2, 1924. Work must be prosecuted with reasonable diligence and be completed

on or before August 2, 1925.

Proof of completion of work shall be filed before September 2, 1925. Application of water to beneficial use shall be made on or before August 2, 1926. Proof of the application of water to beneficial use must be filed with State Engineer on or before September 2, 1926.
